

WHY GOOGLE IT WHEN YOU CAN HOOVER IT?

227-7625 How many times have we called that number in the last year or two, or 5 or 10, or 20 or 25... or more? In many cases, wasn't it to get the answer to a question. Not only about sports, but to music, weather, traffic, movies, cars, electronic equipment, a name, a date, to settle a bet. Who needed 411, when you had 227-7625? I'll bet he was averaging over 90% with correct answers, and he always had a special way of letting you not feel silly or stupid for asking a question that may be obvious to him or others. Here's a list of some of the possible questions he may have been asked over the years, and always came back with a Hooveresque response.
